Servant Leadership

02 July 2022 02:30 PM - 02 July 2022 05:30 PM

Brief Overview:

Servant leadership is a leadership philosophy in which the goal of the leader is to serve. This is different from traditional leadership where the leader's main focus is the thriving of their company or organization. A servant leader shares power, puts the needs of the employees first and helps people develop and perform as highly as possible. Instead of the people working to serve the leader, the leader exists to serve the people.
