**Wednesday, 25th January 2023
09:30 AM - 05:00 PM**

BRIEF OVERVIEW

5S has evolved as a proven tool for achieving corporate excellence in a competitive business environment. Though manufacturing firms tend to derive maximum advantage out of this technique , those in the service sector also can reap substantial gains by applying 5S principles.

5S is a workplace organization method that uses a list of five Japanese words: seiri, seiton, seisō, seiketsu, and shitsuke which have been translated as "Sort", "Set In order", "Shine", "Standardize" and "Sustain". Application of these principles for improving workplace effectiveness is a competitive business strategy in the present scenario.

5S just highlights the potential areas as well as benchmarks to enhance productivity and quality in the workplace , facilitating cost and waste reduction to result in overall competitiveness.
